Infection Control (Online)
Full Version: $100 / Refresher: $50
Go to the “Courses” tab at okdf.org and select “Infection Control” to take the course.
The Oklahoma Dental Foundation offers courses throughout the year for all four of the expanded duty permits that may be obtained by Dental Assistants in the State of Oklahoma:

- Radiation Safety
- Coronal Polishing
- Sealant Application
- Nitrous Oxide (assisting only)

In addition the ODF offers courses for the two advanced procedures that may be performed by a licensed Dental Hygienists in the State of Oklahoma:

- Nitrous Oxide
- Local Anesthesia

The ODF also offers two online Infection Control courses. “Infection Control in the Dental Office” is a comprehensive course designed for new dental staff or anyone who has not had infection control training in a while. “Infection Control Refresher” is an abbreviate version for those who are required to have annual training or those looking to stay up-to-date on CDC and OSHA infection control recommendations.

Things to Know Before Enrolling:

- Read the COURSE REQUIREMENTS page for each course before enrolling. This page includes very important information pertaining to its corresponding course.
- SPACE IS LIMITED. We can only accommodate the number of students as we have chairs/operatories. Courses often fill up before the Late enrollment begins.
- FOR DENTAL ASSISTANTS: All courses (except Radiation) require 1 year active chair-side experience before taking the course. Visit OKDF.org for more details.
- ALL applications must be submitted online. Payment can be made online with a credit/debit card—or you can mail in your payment using check or money order. If you choose to mail in your payment, your spot will not be reserved until payment is reserved and you may have to move to later course date.
- PAY ATTENTION WHEN ENROLLING IN RADIATION SAFETY. Our online courses are managed by a 3rd party company and payment cannot be transferred between the online and live courses. Online courses cannot be refunded. If you’re enrolling in the live course and want to switch, you will have to request a refund for the live course and refund/transfer fees will apply.

Things to Know After Enrolling:

- Course packets are emailed out at least two weeks before the course to the email address on the application. If you do not have your packet two weeks before the course 1) check your junk mail, then 2) contact the ODF so we can resend it.
- Some courses require a patient for the exam or extracted teeth. Information to help you start securing a patient/finding teeth can be found on the COURSE REQUIREMENTS page for that course. Detailed information will be sent with your course packet.
- Read over your course packet carefully as soon as you receive it. Waiting until the last minute can be detrimental to your success.

Questions Regarding Permits:

The ODF does not issue permits and is unable to assist you with questions regarding your specific permits. All questions regarding your specific permit (including status, change of address, or lost permits) need to be addressed to the Oklahoma Board of Dentistry (ok.gov/dentistry or 405.522.4844)
